## What Others Say About It.

Read what the Birmingham (Ala.) News has to say:—  
The Harrison Mutual Burial Association has been organized about one year, and yet in that time it has attained a membership of about two thousand adults and children, and furnished the funeral expenses of many families, which otherwise would be cramped to meet the needful expenses. The membership includes all classes from the rich to the honest laborer.

Carlisle, Ky., Feb. 1, 1904.

Mr. A. F. BURK, Harrison, Ohio.  
My Dear Sir:—We have been working "The Harrison Mutual Burial Association" in our county for one year, and have a membership of nearly 2,000. Included in the Association are many of the very best and most substantial citizens of our city, who claim it to be the most helpful and easy plan of co-operation work ever organized in the country.  
Very respectfully yours,  
L. T. POTTS & SON.

Dayton, Tenn., Dec. 18, 1903.

Mr. A. F. BURK, Harrison, Ohio.  
Dear Sir:—I bought "The Harrison Mutual Burial Association" right four months and twenty days ago. I now have a membership of 3,000. There have been six deaths. I have the bankers, lawyers, doctors, preachers and all best people of our city and everything is working nicely. Wishing you a merry Christmas, I am yours truly,  
S. H. PEARCY.

Cynthiana, Ky., April 1, 1904.

Mr. J. C. ARNOLD, Harrison, Ohio; General Agent for the Harrison Mutual Burial Association.  
Dear Sir:—Our Association is booming and we cannot say too much of it. We want to thank you for insisting on us buying the right, and can say it has proven to be a grand success and a God-send to the poor people. Most respectfully,  
WHALEY & HUTCHINGS.

## What Others Say --- Drink More.

"The use of carbonated beverages or waters as an addition to wine or alcoholic liquors is highly commendable, as they greatly mitigate, or wholly obviate the retarding influence of such liquors on the digestion of starch."—Dr. I. Burney Yeo, in Popular Science Monthly. Prof. Charles F. Chandler, chemist to the N. Y. Board of Health; Dr. Julius, Professor of Analytical Chemistry in the American Institute, and many others all speak in the highest terms of the beneficial effects of "SODA WATER" upon the system.

but it referred him to the plans on file in the Public Works Department for further specifications, and in these the clause requiring the moldings were contained. As Ahong had never consulted these filed specifications he had not known about the moldings, but as he according to his contract was required to do so, the Public Works Department is plainly in the right on this point.

The second point of dispute was the painting of the ceilings of the building. The contract specified how the various part of the structure should be painted, but through some oversight the painting of the ceilings was left out. The specifications say, however, that the building shall be finished in a "workmanlike manner," and the Public Works Department holds that if the ceilings are not painted this term has not been conformed with. Ahong's attorney advised him that it would be cheaper to paint the ceilings than to bring the matter into the courts, so that this point was amicably

## CHINA'S ROUGH TRIP

DETAINED AT YOKOHAMA  
ON ACCOUNT OF STORM

SAILS AT 5 P. M. FOR SAN FRANCISCO — PROMINENT PEOPLE ABOARD—TO BUY A STEAMER.

Pacific Mail steamship China arrived in port this morning after an extremely rough passage, going back almost to the time she left Hongkong. At Yokohama it was so stormy that the vessel was detained several hours. All the way over the weather was rough. The China brought a small Oriental cargo. She is taking coal and will get away at 5 o'clock for San Francisco.

Two of the passengers for Honolulu, H. Betzmann and Dr. Becken, are officers in the German navy. They are on leave and will spend several weeks in the islands.

Captain L. Persius, also of the German navy, is a through passenger. He was a conspicuous officer during the troubles at Manila following the Spanish war, being at that time under Admiral Dietrich.

An interesting party of people on board are former officers of the America Maru, who are going back to San Francisco. It will be remembered that the America Maru was taken by the Japanese government for use as a transport. In the party are: C. Lucy Goodrich, purser; E. J. Roberts, freight clerk; Dr. N. P. Crooks, surgeon, and Miss Clarke, the stewardess.

Lieutenant Colonel Birnie is a retired British Army officer. His home has been at Waiheke, but he has been away some time. He is going home to England.

J. D. Kidston is attached to the British embassy in Peking. He is going home.

A. Graham-Stinson and Franklin Clarke are British war correspondents. Both are on their way home having found it impossible to reach the seat of hostilities.

Captain H. Martens is a wealthy merchant, trader, planter, etc., of the Caroline Islands. He is going to San Francisco to purchase small steamers for use in the South Sea Islands trade.

## SOLACE IN BAD SEAS.

(Continued from Page 1.)

F. C. Liebert will join the Ajax at Manila.

Rev. H. E. B. Case is a missionary, going to Guam. He is accompanied by his wife.

Officers and passengers on board the Solace are as follows:  
Officers—Comdr. J. H. Bull, commanding; Lt. Comdr. J. J. Knapp, executive officer; Lt. C. N. Otley, engineer; Lt. T. T. Craven, navigating officer; Surgeon F. J. B. Cordeiro, medical officer; Asst. Paymaster, W. E. H. van, pay officer; Lt. H. B. Sullivan, marine officer; Chief Boatswain, D. G. Ryan; Mate J. L. Ekstrom; Pay Clerk T. A. Stetson.

Officers for temporary duty—Surgeon A. R. Alfred, U. S. N., to naval station, Cavite; Boatwain A. H. Hui son, U. S. N., report to C. in C.; Asst. Gunner E. Kollenberger, U. S. N., report to C. in C.; Pharmacist C. M. Larty, U. S. N., to Yokohama.

Civilians (male)—Mr. H. B. Farwell, to Guam; Mr. F. C. Solbert, to Cavite; Mr. W. S. Lambert, to Guam; Rev. H. E. B. Case, to Guam; Y. Salto.

Civilians (female)—Mrs. H. G. Leopold; Mrs. M. E. Brooks and two small children, to Guam; Mrs. H. B. Farwell, to Guam; Mrs. J. H. Bull, to Guam; Mrs. J. E. Ames and infant, to Cavite; Mr. Collin McLarty, to Cavite and such further point nearer to Yokohama as she may desire.

The third point of the dispute, the material to be used in certain concrete foundation blocks, arose from a misunderstanding. Ahong had subtlety the part of the contract to another party when the Public Works Department required regarding the material used in the composition of these concrete blocks it was told that stone was used which came from a certain quarry where only soft stone is produced. The department objected to this as it wanted hard stone used. Later on it was found out that the contractor had made a mistake. The stone came from another quarry than the one named in the first place, and was really of a perfectly satisfactory quality.
